

Safety and reliability that you can trust

## LEGAL SERVICES

In the Legal environment, safe, secure and reliable packaging is only the starting point to satisfy the needs of an industry that shapes futures, whilst protecting and defending people's freedom and material goods.

The fabric of our society depends on an honest, consistent and dependable legal system.

At Britton Decoflex we have developed products that ensure our Legal system can have the confidence in Packaging that fulfills its promise of being safe, secure and reliable, as well as matching and surpassing the expectations of the Legislative environment.

The new Intervoid Vault security and valuables bag features high specification design with new application to give a reduced cost option for Tamper Evident high volume transactions.

This new product, an addition to our already extensive range of secure bags meets the standards required to satisfy this market, and the handling of all valuable items, key features include:

- Improved security, deterrence and detection of fraud.
- Thinner yet stronger, more durable VPC film technology.
- Unique sequential bar-coding and numbering on bag and on optional receipts.
- Customer specific barcode symbology printed up to 30mm high for ease of read.
- Eye readable numbers up to 20mm high for easy recognition by security camera.
- Edge seal security printing.
- Write on panel with bespoke features.
- Integral wallet air release if required.
- Lower Cost Option.
- Customisable features and design.

As well as the integrity of the product we strive to provide our clients with reliable distinctive packaging that is not only cost effective, but performs at the highest standards whilst minimizing their carbon footprint on the environment. Key features include:

- High-Strength, low-weight Security bags.
- Security bags for use with cold security dies.
- High Security RFID (Radio Frequency Identification) bags
- Special Blend Film heavy weight bags
